EMPOWERING RETAILERS TO

ACHIEVE FREEDOM & BUILD SUSTAINABLE VALUE

WHO IS

Pete MOHR

Pete Mohr - owner of two Shoetopia stores in Canada since 2010, seasoned business coach and the founder of Simplifying Entrepreneurship. With a passion for helping business owners transform from 'Operators to Owners', Pete brings over 30 years of experience in the business & retail world.

Pete helps business owners build companies that run smoothly, grow in value, and—if they choose—become sellable. With a focus on simplifying systems, leveraging natural strengths through Kolbe coaching, and implementing frameworks that reduce overwhelm, Pete guides entrepreneurs from being stuck in the details to leading with confidence and ease. Through engaging talks and workshops, He delivers actionable strategies that empower business owners to create a business that works for them—not the other way around.

EXITREADY Retailers

BUILDING A BUSINESS THAT THRIVES WITHOUT YOU

Most independent retailers are so involved in the day-to-day operations that their businesses couldn't function without them. Whether or not you plan to sell, your business should always be exit-ready. This session covers how to structure your retail business so it thrives without you, increasing both its value and your freedom.

Key Takeaways:

- **Why Every Retailer Needs an Exit Strategy:**
  Even if you never plan to sell, an exit-ready business is a healthier, more valuable business.
- **The 6Ps of a Sellable Retail Business:**
  How aligning *Promise, Product, Process, People, Promotion, and Profit* makes your business more attractive to buyers—and easier to run.
- **How to Reduce Owner Dependency:**
  Strategies to shift from being the operator to the leader, so your store runs smoothly even when you're away.
- **Increasing Business Value:**
  The key drivers that make your business worth more when it's time to sell or transition.
- **Practical Steps to Start Today:**
  Small changes that create big shifts in how your business operates and grows.

The RETAIL OWNER'S Leadership Trio

COMMUNICATION, MANAGEMENT, ACCOUNTABILITY

Leadership in retail isn't just about making decisions—it's about how you communicate, manage, and hold people accountable. Without the right systems, retail owners end up firefighting every day. This session introduces the Leadership Trio framework, helping owners step up as leaders and create a business that runs smoothly.

Key Takeaways:

- **The Leadership Trio Explained:**
  Why Communication, Management, and Accountability are the pillars of a strong retail team.
- **Fixing the Most Common Retail Leadership Gaps:**
  How small leadership shifts dramatically improve team performance and morale.
- **The Role of Communication in Store Success:**
  How to ensure clarity in goals, expectations, and feedback.
- **Management Without Micromanaging:**
  Setting up processes that keep operations running without constant oversight.
- **Making Accountability a Team Effort:**
  How to implement the 4 A's of Accountability (Assess, Address, Align, Assign) so tasks get done right the first time.

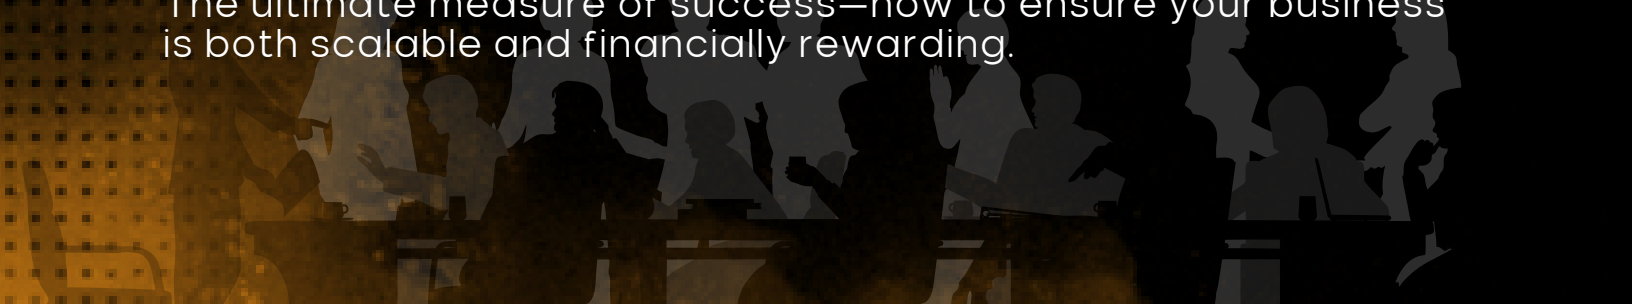

The 6PS OF RETAIL Success

BUILDING VALUE THROUGH PROMISE, PEOPLE, AND PROFIT

Learn about the 6 Ps—Promise, Product, Process, People, Promotion and Profit—and how to use them to build a thriving, sustainable business. Gain insights into creating a compelling value proposition, developing standout products or services, optimizing operations, nurturing talent, and ensuring strong financial health. Whether aiming for growth or preparing for a transition, this session provides practical strategies to boost your business's success and value.

Key Takeaways:

- **Promise:**
  Defining the transformation your customers expect from your store.
- **Product:**
  Curating the right mix that aligns with your brand and drives sales.
- **Process:**
  Creating efficient, scalable systems that keep things running smoothly.
- **People:**
  Hiring, training, and retaining a team that supports your business goals.
- **Promotion:**
  Marketing strategies that drive consistent traffic and customer loyalty.
- **Profit:**
  The ultimate measure of success—how to ensure your business is both scalable and financially rewarding.

RETAIL TURNKEY *Strategies*

FROM OPERATOR TO OWNER

Most retailers are stuck working long hours, making every decision, and feeling like they can't step away. The key to freedom is turning your store into a turnkey business—one that operates smoothly with or without you. This session outlines how to create systems that allow you to shift from being an operator to an owner.

Key Takeaways:

- **The Difference Between Operators and Owners:**
  Why most retail owners struggle with delegation and how to fix it.
- **How to Build a Turnkey Business:**
  Creating repeatable systems so your store doesn't rely on you for everything.
- **The Power of Dashboards:**
  How to replace checking in all the time with structured reporting.
- **Delegation That Works:**
  Assigning responsibilities to your team without losing control.
- **Why This Matters:**
  How a turnkey business gives you the option to expand, franchise, or eventually sell at a premium.

ACCOUNTABILITY IN *Retail*

THE 4 A'S OF ACCOUNTABILITY

One of the biggest challenges in retail operations is a lack of clear accountability. When accountability is missing, employees hesitate, inefficiencies creep in, and customer experience suffers. This session introduces the 4 A's of Accountability, a structured approach to ensure that tasks are assigned, expectations are met, and teams take ownership.

Key Takeaways:

- **The 4 A's of Accountability: Assess, Address, Align, Assign**
  A step-by-step framework to ensure tasks don't fall through the cracks.
- **Why Retailers Struggle with Accountability:**
  The hidden gaps that cause breakdowns in execution.
- **Creating an Ownership Culture:**
  How to shift from micromanaging to empowering employees to take responsibility.
- **Offloading Tasks Without Losing Control:**
  The right way to delegate using the Assign It Framework (from your Leadership Expander materials).
- **Real-World Applications:**
  How independent retailers can use accountability systems to improve store operations, employee engagement, and profitability.
